Director

Owned Managed R&D Centre
Launched R&D Centre in year 2005, Under Dr. Amrit Phokela (Retd.
Principal Scientist PUSA New Delhi)

**About
Us...**

About Us: - Indish Landscapes are founded by Shri Tharwant Singh Phokela in the year 1995, they started the nursery in 2.81 Acres area. with their hard work and satisfactory services to the clients, they have stepped into landscaping successfully in the Year 1997, in the year of 1998 Indish Landscapes decided to add one more service of water features owing to the demand of Vastu Shashtra and chinese Feng shui. We have created a long chain of our satisfactory clients day after day and eventually Mr. Kulvinder Singh Phokela stepped into the business adding a new production area of 17.89 acres in the year 2000.

Indish Landscapes launched first R&D research centre in India under Dr. Amrit Phokela (Retd. Principal Scientist PUSA New Delhi). We have written our progress story in decades with the height of success and started to develop Residential Shade Houses from the year 2006. On getting a good response from clients towards the construction of Residential Shade House service, Mr. Angad Singh Phokela joined the family heritage (Third generation of Indish landscapes) in Year of 2013 and we started to create Commercial Agro Shade House.
